

2019

## TESTIMONIAL

### Professional Golf Club Auditing Pty Ltd.

This testimonial demonstrates the exceptional service and contribution Etienne Breytenbach and his company; Professional Golf Club auditing has made over the past year at Royal Johannesburg & Kensington Golf Club.

I met and started working with Etienne in early 2018 when our club was spending significant money and time trying to get a highly certified yet diligent Health & Safety certification.

It wasn't until Professional Golf Club auditing made a process that seemed very complicated and difficult, they made it easy, educational, cost effective and backed up with attention to detail, invaluable training and exceptional customer service that was very affordable on a on-going service and maintenance basis we still use today.

Etienne made the team at Royal feel comfortable and his work ethic is impeccable, he leads by example and his continued desire to teach and improve health and safety at clubs is highly admirable.

Our club has been extremely pleased with Professional Golf Club auditing and wouldn't hesitate in recommending them to other clubs looking for a high standard in Health & Safety certification

Should you have any questions, please don't hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read 'Christopher Bentley'.
